Community Invited to Help Shape The Fisheries Landing Site at The Omar Hodge Fishers Wharf

Release Date: 5 May, 2026

Fisherfolk, vendors, and the wider fishing community are warmly invited to a community meeting and design consultation for the Fisheries Landing Site at the Omar Hodge Fishers Wharf in Baugher’s Bay.

Join us on Wednesday, 6 May at 3:00 p.m. at the BVI Finance Conference Room located on the third floor, Cutlass Tower, Road Town.

This project will create a fish landing site to better support local, small-scale fishers. The facility is intended to be a safe, organised place to land and sell local fish and seafood, with ice and other essential amenities to make daily fishing activities easier.

We want to hear from you—what works, what doesn’t, and what you’d like to see included. This is your chance to be part of the conversation. Your feedback will help guide a design that reflects the real needs of the fishing community.

Please come out, get an update on the project, and share your ideas for the Fisheries Landing Site at the Omar Hodge Fishers Wharf.
