Public Consultation on the Virgin Islands Environment Policy, 2026

Release Date: 16 November, 2026

Public Consultation on the Virgin Islands Environment Policy, 2026

The Ministry of Environment, Natural Resources and Climate Change invites the public to review and comment on the draft Virgin Islands Environment Policy, 2026, now available here: Virgin Islands Environment Policy, 2026

The draft Policy sets out the Territory's direction on protecting the natural environment and building resilience to climate change. It will also guide the preparation of new environment and climate change legislation.

Members of the public are encouraged to share their views in two ways:

1. Complete the public survey: Desire for Better Protection of the Environment Survey
2. Submit written comments on the draft Policy by Tuesday, 1 December 2026 to menrcc@gov.vg, with "Public Consultation: Virgin Islands Environment Policy, 2026" in the subject line. Please identify the specific sections of the Policy to which your comments relate.

The Ministry thanks the public for contributing to the development of the environmental management framework for our Virgin Islands.
